

Report of Spending of the Sport Funding – 2019-2020

Total annual funding for 2019/20 - £17,200

The planned use of the PE and school sport funding at Cringle Brook Primary School will be extremely effective in improving and sustaining high quality PE and sports provision.

It will be used to fund a range of opportunities primarily the funding of a sports coach who supports staff with the provision of high quality PE lessons- each year group 1-6 gets a minimum of a half term of input over the year, with new staff having support termly, to ensure a strategic programme of developing the teaching and access to sport. The vision is that the coach withdraws his lead over the whole class support as the staff get more trained up/ experienced/ confident on to allow the staff to nurture talent/ consolidate less able pupil's practice.

Due to the limitations of the grounds another sports coach has been used to skill up the children at lunchtimes with regards to the skills required for a child to access PE successfully. This has included the ability to understand how to co-operate and respond to rules positively. Through this, the sports coach has supported school in ordering appropriate resources and tailoring the curriculum to meet the children's needs, this has ensured PE lessons are of higher quality.

The sports coach companies have improved the provision of after school opportunities. There are 2 weekly after school clubs where specific children can be targeted. These pupils are identified by the teachers and then in turn support the quality of access for these pupils to the weekly PE lessons. Children are targeted for different reasons: talent, fitness levels, self-confidence/ esteem, the identification is individual to each child identified and the provision to each child is bespoke. This year we are continuing to access local school competitions, and have organised a half termly girls' tournament. We also run a half termly mile competition for all children in the school and we have a Trust termly competition at a local park. The coaches facilitating the access to competition enables the pupils to develop their competitive skills, and their resilience and determination can be fostered.

An annual trust event is financed to allow the occasion for gifted and talented pupils to compete in an Olympic style event; the sports coach supports pupils' access to this as well as helps organise/ run it. In addition, the sports coach organise the sports day, modelling to staff how small competitions can be organised.

Each year there will also be money spent on priorities linked to our school improvement plan identified and implemented by our PE subject leader as we strive to deliver an outstanding provision in PE and sport. This year the priorities are:

- The number of children accessing competitive sport through trust and wider competitions increases
- The number of children not yet able to run a mile decreases
- All staff, with particular focus on new staff, are confident in delivering games and gym lessons

Impact to be measured through:

- Percentage of children accessing a sports club
- Percentage of children participating in competitive sport
- Percentage of pupils at (at least) expected with regards to end of year expectations
- Observations showing an improvement in lesson access and quality of child's performance, particular focus on the mile run and laps of school for younger pupils

- Children reporting improved attitude towards sport/PE/competition, focus being on girls in particular

	Cringles Brook	% of budget
Income Allocation	17,200	
Expenditure		
Travel to competitions	600	3.5%
KS2 Olympics	170	1%
Sports coaches – contribution to cost	16430	95.5%

Review of impact 2017-18

- 66% (increase from previous year) of children attended the multi sports club for at least 1 half term- and those children targeted at least 71% had a go
- Competed in the KS1/2 Trust Olympics and had medal winners, won the Trust Mile for both boy events. Beat Green End twice at Girls football. Entered two cluster events and won one.
- Joined in wider range of physical activity events such as Parris Wood High School's which demonstrated the pupil's ability in their confidence of participating in sport with unfamiliar people, holding their own.
- End of year assessments in PE: 90 % Y5, 90% Year 4 at expected, 88% of Year 2s, 100% of Year 2 Year 1 93% Rec 90%
- Observation of PE lessons show improvements, NQT gained confidence and through his sessions with the coach has taken over PE/ Games as the co-ordinator
- Half termly mile for year 2 upwards continues to show improvement for all children and have the competitive element to support talent continues to be well received.
- Pupil Voice showed that lunchtimes were popular and that they felt safe. Also Pupil voice raised the desire for additional competition opportunities.

Swimming at Cringles Brook

- The Year 4s have now completed their time swimming, 90% achieved their 25 metres, which is a 17% increase from the previous year.
